### Baguettes

#### Ingredients

- 1 Cup water
- 2 1/2 Cups Bread Flour
- 1 Tablespoon White Sugar
- 1 Teaspoon Salt
- 1 1/2 Teaspoons Bread Machine Yeast
- 1 Egg White
- 1 Tablespoon Water

#### Steps

Place 1 cup water, bread flour, sugar, salt and yeast into bread machine pan in the order recommended by manufacturer. Select Dough cycle, and press Start.

When the cycle has completed, place dough in a greased bowl, turning to coat all sides. Cover, and let rise in a warm place for about 30 minutes, or until doubled in bulk.

Dough is ready if indentation remains when touched.

Punch down dough. On a lightly floured surface, roll into a 16x12 inch rectangle. Cut dough in half, creating two 8x12 inch rectangles. Roll up each half of dough tightly, beginning at 12 inch side, pounding out any air bubbles as you go. Roll gently back and forth to taper end. Place 3 inches apart on a greased cookie sheet. Make deep diagonal slashes across loaves every 2 inches, or make one lengthwise slash on each loaf. Cover, and let rise in a warm place for 30 to 40 minutes, or until doubled in bulk.

Preheat oven to 375 degrees F (190 degrees C). Put bowl of water on bottom rack of oven. Mix egg white with 1 tablespoon water; brush over tops of loaves.

Bake for 15 minutes, remove bowl of water. Bake for 5 to 10 minutes longer, or until golden brown.

### Banana Bread

#### Ingredients

- 2 1/2 Cups Flour
- 1/2 Cup Sugar
- 1/2 Cup Brown Sugar
- 3 1/2 Teaspoons Baking Powder
- 1 Teaspoon Salt
- 1/2 Teaspoon Cinnamon
- 1/2 Teaspoon Allspice
- 1 1/4 Cup Mashed Bananas
- 1/4 Cup Milk
- 3 Teaspoons Vegetable Oil
- 1 Eggs
- 1 1/2 Teaspoon Lime Peel

1 Teaspoon Lime Juice

### Steps

Mix all ingredients, beat 30 seconds. Pour into pan. Bake at 350 until wooden pick comes out clean (9" 70-80 min, 8" 55-60)

## Dinner Rolls

### Ingredients

3 1/4 cups bread flour  
1 cup warm water  
1/4 cup white sugar  
1 large egg  
2 tablespoons butter, softened  
1 tablespoon active dry yeast  
1 teaspoon salt  
2 tablespoons butter, melted

### Steps

Grease a 9x13-inch baking dish.

Place bread flour, water, sugar, egg, 2 tablespoons softened butter, yeast, and salt into the pan of your bread machine in the order recommended by the manufacturer. Select the Dough cycle and press Start. When the cycle is complete, remove the dough and press down to deflate.

Divide dough into 15 equal pieces and form into rolls. Place rolls in prepared baking dish, brush with melted butter, and cover dish loosely with plastic wrap; let rise until doubled in volume, about 30 minutes.

Preheat oven to 375 degrees F (190 degrees C).

Bake rolls in the preheated oven until the tops are golden brown, 12 to 15 minutes.

## Frank's Bread

### Ingredients

4 1/2 Cups Bakers Flour  
1/3 Cup Powdered Milk  
1 Teaspoon Salt  
4 Ounces Wheat Bran  
1 Package Dry Yeast  
4 Ounces Yogurt  
1 Ounce Honey  
1 Ounce Melted Butter (not margarine)  
1 1/2 Cups Warm Water

### Steps

Mix flour, powdered milk, salt, wheat bran, and yeast. In separate bowl mix yogurt, honey, melted butter, water. Combine wet and dry. Knead for about 7 minutes, or until dough is smooth. Let rise until doubled in size.

Put into pan or form into desired shape. Allow to rise until doubled in size. Put in Oven at 350. Bake until done. Remove and let cool.

### Garlic Focaccia

#### Ingredients

##### *For the Bread*

1 whole head garlic  
5 tablespoons (75ml) extra-virgin olive oil, divided  
Kosher salt, for seasoning  
500g all-purpose or bread flour (17 1/2 ounces; about 3 1/4 cups)  
15g kosher salt (1/2 ounce; about 1 tablespoon)  
4g instant yeast (0.15 ounce; about 1 teaspoon)  
325g water (11 1/2 ounces; about 1 1/2 cups minus 1 tablespoon)

##### *For the Garlic Butter*

2 tablespoons (30g) unsalted butter  
2 teaspoons dried oregano  
1/2 teaspoon red pepper flakes

### Steps

This recipe must be started the day before

#### *Roasted Garlic*

Adjust oven rack to center position and preheat oven to 350°F (180°C). Remove 4 cloves garlic from head and set aside. Place remaining head in the center of a sheet of aluminum foil.

Drizzle with 1 tablespoon (15ml) olive oil and season with salt. Wrap tightly with foil and place in an oven-safe cast iron, carbon steel, or stainless steel skillet, then transfer to oven.

Roast until garlic is completely tender, about 1 hour. Remove from oven and refrigerate.

#### *Bread*

Combine flour, salt, yeast, and water in a large bowl. (To account for rising, the bowl should be at least 4 to 6 times the volume of the dough.) Mix with hands or a wooden spoon until no dry flour remains.

Cover bowl tightly, making sure that edges are well sealed, then let rest on the countertop for at least 8 hours and up to 24 hours. Dough should rise dramatically and fill bowl.

Add 3 tablespoons (45ml) olive oil to a 12-inch cast iron skillet or large cake pan. Transfer dough to pan by tipping it out of the bowl in one large blob. Turn dough to coat in oil.

Using a flat palm, press dough around skillet, flattening it slightly and spreading oil around the entire bottom and sides of pan. Cover tightly with plastic wrap and let dough stand at room temperature for 2 hours.

After the first hour, adjust oven rack to middle position and preheat oven to 550°F (290°C).

At the end of the 2 hours, dough should mostly fill skillet, up to its edge. Use your fingertips to press it around until it fills every corner, popping any large bubbles that appear.

Lift up one edge of dough to let any air bubbles underneath escape. Repeat, moving around dough, until no air bubbles are left underneath and dough is evenly spread around skillet.

Peel roasted garlic cloves and break up large cloves into 2 or 3 pieces each. Scatter roasted garlic evenly over surface of dough, then push down on each clove until it is embedded in a deep well of dough.

Transfer skillet to oven and bake until top is golden brown and bubbly and bottom appears golden brown and crisp when you lift it with a thin spatula, 16 to 24 minutes.

If bottom is not as crisp as desired, place pan on a burner and cook over medium heat, moving pan around to cook evenly, until bottom of focaccia is crisp, 1 to 3 minutes.

### *Garlic Butter*

Meanwhile, Make the Garlic Butter: Mince 4 reserved raw cloves of garlic. Combine remaining 1 tablespoon (15ml) olive oil with butter in a small skillet and melt over medium-low heat.

Add garlic, oregano, and pepper flakes and cook, stirring, until fragrant and garlic is just beginning to brown, about 1 minute. Transfer to a small bowl and season with salt.

### *Finishing*

When focaccia has finished baking, spread garlic butter over top with a spoon. Transfer to a cutting board, allow to cool slightly, slice, and serve.

Extra bread should be stored in a brown paper bag at room temperature for up to 2 days. Reheat in a 300°F (150°C) oven for about 10 minutes before serving.

## **Honey Buttermilk Oatbread**

3 1/3 cups bread flour

1/2 cup rolled oats

1/3 cup oat bran

2 tablespoons dry milk powder

1/2 teaspoon baking soda

2 teaspoons salt

2 tablespoons unsalted butter, softened

1/4 cup honey

1 egg

1 1/8 cups buttermilk

1 1/2 teaspoons active dry yeast or bread machine yeast

## Steps

Put in bread machine and press button

## Pita

### Ingredients

1 cup water (8 ounces; 240ml), 105-110°F (41–43°C)

1 tablespoon (15ml) extra-virgin olive oil, plus more for oiling the bowl

1 tablespoon granulated sugar

2 1/4 teaspoons instant yeast

1 teaspoon kosher salt

1/2 cup whole wheat flour (2 1/2 ounces; 70g)

2 cups all-purpose flour (10 ounces; 280g), plus more for dusting

### Steps

In a medium mixing bowl, combine water, oil, sugar, yeast, salt, and whole wheat flour with a wooden spoon until combined and smooth. Stir in all-purpose flour until the mixture comes together into a shaggy mass.

Using clean hands, knead the dough in the bowl for 10 minutes or until it becomes smooth and very elastic, adding only very small amounts of extra flour if dough is extremely sticky (see note).

Alternatively, knead dough at low speed in a stand mixer fitted with the dough hook attachment until dough is very elastic and smooth, about 8 minutes.

Turn dough out onto a lightly floured work surface and form into a smooth ball. Lightly oil a clean mixing bowl and place dough inside, then rub oiled hands over the top of the dough.

Cover bowl with a damp cloth and let rise in a warm place for 1 hour.

Meanwhile, place a baking steel or an at least 12-inch cast iron skillet on the top oven rack and preheat oven to 500°F (260°C). Line a plate with a large, clean kitchen towel and set aside.

Punch down the dough, transfer to a lightly floured work surface, and cut into 6 even pieces. Form each dough piece into an even ball. Cover with a damp towel and let rest for 10 minutes.

Roll each piece of dough into about a 7-inch circle, no more than 1/4 inch thick, taking care not to tear dough and keeping the thickness even all around.

Place dough disks on a lightly floured surface, cover with a damp towel, and let proof until slightly puffy, about 30 minutes.

Working with as many pitas as will fit on the steel at once, pick up each pita and place on the steel top side down. (If using a cast iron skillet, bake one pita at a time.)

Immediately close the oven door and bake until pitas have puffed and are slightly golden around the edges, about 3 minutes. Be careful not to over-bake.

Place baked pitas onto towel-lined plate and wrap with the overhanging towel. Repeat with any remaining pitas.

For an extra-charred finish, heat a cast iron skillet on the stove top over high heat until smoking. Working with one pita at a time, briefly heat each side until charred in a few spots, about 30 seconds.

Return pita to towel and cover. Repeat with remaining pitas and serve immediately.

### Size

Makes 6 pitas

## Deep Dish Pizza Dough

### Ingredients

2 Cup warm water

1/4 Tablespoon yeast

1 Tablespoon salt

2 pounds flour

1/4 cup melted butter (or olive oil (or corn oil (or avocado oil)))

### Steps

In a mixer combine the water, yeast, and salt. Allow the yeast to dissolve. Add butter/oil, mix. Add flour and begin to mix the dough using a dough hook on low speed. Once a ball is formed mix on medium speed for

1 to 2 minutes until the dough becomes elastic and smooth. Remove from the mixer and place in a bowl coated with butter/oil. Allow the dough to rest for approximately 4 hours. Once the dough is rested it is ready to use.

Makes enough for two 14 inch, or three 12 inch pans.

2 Bananas

1 1/2 cup milk

1 Graham Cracker Crust (6 oz.)

## Buckeyes

### Ingredients

1/2 cup butter, softened

1 teaspoon vanilla extract

1/2 teaspoon salt

3 cups powdered sugar, or as needed

1 (12 ounce) package semi-sweet chocolate chips  
2 tablespoons shortening

### Steps

Combine peanut butter, butter, vanilla and salt in large bowl. Beat with an electric mixer on LOW until blended. Add 2 cups powdered sugar, beating until blended.

Beat in additional powdered sugar until mixture, when shaped into a ball, will stay on a toothpick. Shape into 1-inch balls. Refrigerate.

Place chocolate chips and shortening in microwave-safe bowl. Microwave on MEDIUM for 30 seconds. Stir. Repeat until mixture is smooth. Reheat as needed while coating peanut butter balls.

Insert toothpick in peanut butter ball. Dip 3/4 of ball into chocolate, leaving top uncovered to resemble a buckeye. Remove excess. Place on wax paper-lined tray. Remove toothpick. Smooth over holes. Refrigerate until firm.

## Chocolate Cake

### Ingredients

1 package devil's food cake mix  
1 package instant chocolate pudding mix  
1 cup sour cream  
1 cup vegetable oil  
4 eggs  
1/2 cup warm water  
2 cups semisweet chocolate chips (Optional)

### Steps

Preheat oven to 350 degrees F (175 degrees C).

In a large bowl, mix together the cake and pudding mixes, sour cream, oil, beaten eggs and water. Stir in the chocolate chips and pour batter into a well-greased 12 cup bundt pan.

Bake for 50 to 55 minutes, or until top is springy to the touch and a wooden toothpick inserted comes out clean.

Cool cake thoroughly in pan at least an hour and a half before inverting onto a plate if desired, dust the cake with powdered sugar.

## Frozen Chicago Cheesecake

### Ingredients

4 packages cream cheese, room temperature (225 gram)  
1 cup granulated sugar (232 grams)  
1/4 cup cake flour (40 grams)  
1/4 teaspoon kosher salt  
2 large whole eggs, room temperature  
1 large egg yolk, room temperature  
3/4 cup sour cream, room temperature (180 grams)

1 teaspoon vanilla extract

### Steps

In the bowl of a stand mixer fitted with the paddle attachment, beat the cream cheese on medium speed for 2 to 3 minutes, until it's light and fluffy.

Scrape down the sides and bottom of the stand mixer bowl to prevent lumps from forming.

In a separate medium mixing bowl, combine the sugar, cake flour, and salt. Stir until well combined.

Add the contents of the medium mixing bowl to the bowl of the stand mixer and beat on medium speed for 1 to 2 minutes, until the mixture is fully incorporated.

Reduce the mixer speed to low. Slowly add first the whole eggs and then the egg yolk to the bowl, one at a time. After add each, scrape down the sides and bottom of the bowl.

Continue beating on low speed for 1 to 2 minutes, until the mixture is fully incorporated.

Add the sour cream and the vanilla to the bowl of the stand mixer and beat on low speed for 1 minute, until the mixture is smooth. The mixture should be well blended, but not over beaten.

Heat the oven to 375°F. Generously grease and flour the spring form pan and pour the batter into it. Place the spring form pan in the center of the oven, directly on the middle shelf.

Bake for 15 minutes, then rotate the cake 180° to ensure even browning. Continue baking for 15 minutes and rotating until cake is souffléing and light brown in color

Reduce the oven temperature to low. When oven reaches that temperature leave cake in for 10 minutes.

Give the cake a gentle shake; it is done if the center of the cake jiggles and the surface of the cake is slightly firm. If not done cook longer.

Turn the oven off and open the oven door wide. Leave the cake in the oven for 10 minutes more. Remove from the oven and set aside to cool to room temperature, about 1 hour.

Loosen the cheesecake from the spring form pan by sliding an offset spatula around the inside ring. Remove the spring form pan from the cake and transfer to a plate.

Refrigerate for at least 8 hours or overnight before serving. Transfer to the freezer for 2 to 3 hours before slicing.

### Notes

It really makes no difference if you freeze it or not. Cold is just traditional.

1 1/4 cup graham cracker crumbs (use hammer)  
1/4 Cup Sugar  
1/4 Cup Softened Margarine

### Steps

Combine ingredients and mix well. Press firmly over bottom and sides of pan. Either chill for one hour or bake at 375 for 8 minutes before using.

## Sweet Cream Ice Cream

### Ingredients

- 9 1/4 lightly toasted sugar (about 1 1/3 cups; 265g)
- 1 1/4 ounces cornstarch (1/4 cup; 35g)
- 2.5) Kosher salt
- 20 ounces whole milk (about 2 1/2 cups; 565g)
- 8 ounces heavy cream (about 1 cup; 225g)

### Steps

To toast sugar you put it in a glass or ceramic dish the oven at 300 Fahrenheit for a couple hours until lightly brown, stirring every hour.

You want to use good milk and cream for this. Local, full fat, grass fed, however many fancy boxes you can check off.

Whisk sugar, cornstarch, and salt together in a pot. When no lumps of cornstarch remain, add 14 ounces of the milk (about 1 2/3 cup; 396g) and whisk to combine.

Cook over medium heat, whisking constantly but not vigorously, until it begins to simmer.

This will take about 6 minutes, if the process seems to be moving slowly, simply turn up the heat. When the mixture comes to a boil, set a timer and continue cooking and whisking for exactly 1 minute.

Immediately transfer mixture to a large bowl, then whisk in the remaining milk and cream. Cover and refrigerate the base until cold, thick, and no warmer than 40°F, about 3 hours.

Churn in an ice cream maker according to the manufacturer's directions. Meanwhile, place a quart-sized container and flexible spatula in the freezer.

When it looks fluffy and thick, shut off the machine and, using the chilled spatula, scrape gelato into the chilled container. Cover with plastic wrap pressed directly against the surface, and freeze until thick enough to scoop, about 4 hours.

### Notes

For when someone disagrees that vanilla is a flavor. Make this, and be even more disappointed with normal vanilla.

## Ice Cream Kolachy

### Ingredients

- 4 cups all-purpose flour
- 2 cups butter
- 1 pint vanilla ice cream
- 1 teaspoon vanilla
- 1/2 cup fruit preserves, any flavor

## Confectioners' Sugar

### Steps

Combine ingredients, mix with hands. Roll into balls the size of a walnut. Use thumb to make a divot. Fill divot with fruit preserve of choice. Bake for 20 minutes at 350 Fahrenheit. Roll in confectioners' sugar.

### Notes

Normally uses raspberry preserve. Apricot and lemon are also good.

## Lemon Ice

### Ingredients

4 cups boiling water  
1 cup (about 7 ounces) sugar  
1 cup fresh juice and 1 tablespoon zest from about 8 lemons  
2 teaspoons lemon extract

### Steps

In a large bowl or measuring cup, dissolve sugar in boiling water. Whisk in lemon juice, lemon zest, and lemon extract. Cover and chill completely, 2 to 3 hours.

Add mixture to electric ice cream maker and prepare according to manufacturer's directions until icy crystals form and you have a thick, slushlike mixture.

Transfer to a large bowl or container and return to freezer to freeze to desired degree of firmness, about 2 to 3 hours.

## Chocolate Mousse

### Ingredients

1 (396-gram) can condensed milk  
4 large eggs  
500 grams heavy cream  
6 grams fine sea salt  
750 grams bittersweet chocolate chips

### Steps

Put 2 inches of water in bottom of a pressure cooker and add a small rack (the rack is usually included with every pressure cooker). Put condensed milk on the rack and seal lid. Cook at high pressure for 90 minutes.

Allow pressure to release naturally. Prepare an ice bath. Once depressurized, open lid and, using tongs, transfer can of caramelized condensed milk to ice bath. Let chill for at least 1 hour, adding more ice as needed, until completely cool:

**DO NOT OPEN CAN WHILE HOT BECAUSE A HOT CAN OF CARAMELIZED CONDENSED MILK IS STILL UNDER PRESSURE AND CAN EXPLODE ya dingus.**

Put eggs in a blender. Combine heavy cream, cooled caramelized condensed milk, and salt into a medium pot set over medium heat, stirring to dissolve condensed milk into cream.

When cream mixture comes to a boil remove pot from the heat.

Turn blender to low speed and immediately drizzle hot cream mixture into eggs. Increase speed to medium and continue to blend.

With the blender still running, add chocolate chips, a few tablespoons at a time, and puree until fully melted; increase blender speed as needed to keep chocolate mousse in motion.

Turn blender off and pour chocolate mousse into a large baking dish. Cool chocolate mousse in the refrigerator, uncovered, for at least 4 hours. When cold, cover with plastic wrap

Stir the flour, baking soda, baking powder, and sugar together in a bowl. Mash together bananas and mayo. Add the bananas, mayo, and chocolate chips; stir until well combined. Pour into prepared muffin cups to about 3/4 full.

Bake in the preheated oven until golden and the tops spring back when lightly pressed, about 20 minutes.

## Blueberry Muffins

### Ingredients

1 1/2 cups all-purpose flour  
3/4 cup white sugar  
1/2 teaspoon salt  
2 teaspoons baking powder  
1/3 cup vegetable oil

### Door County Cherry Pie

#### Ingredients

2 cups all-purpose flour

1 cup shortening, chilled

1/2 cup cold water

1 pinch salt

1 1/8 cups white sugar

3 1/2 tablespoons cornstarch

2 pounds sour cherries, pitted or 5 cups thawed frozen cherries and extra half tablespoon cornstarch, preferable from Door County

1 tablespoon butter

1/2 teaspoon almond extract

#### Steps

In a large bowl, combine flour and salt. Cut in the cold shortening until pea-sized (you may use the paddle of a stand mixer for this step, or pulse in a food processor, then transfer to a bowl).

Stir in water until mixture forms a ball. Divide dough in half and shape into balls. Wrap in plastic and refrigerate for at least 1 hour or overnight.

On a lightly floured work surface, roll out half the dough to fit a 9-inch pie plate. Place bottom crust in pie plate, loosely cover with plastic, and refrigerate.

Whisk together sugar and cornstarch in a saucepan; add cherries and toss to coat. Let stand for about 10 minutes to draw out the cherry juices.

Preheat oven to 475 degrees F (245 degrees C). Place a baking sheet in the oven to preheat.

Bring cherry filling to a boil over medium heat, stirring constantly. Lower the heat and simmer for 1 minute or until the juices thicken and become translucent (filling will thicken further as it cools).

Remove from heat and stir in the butter and almond extract. Mix thoroughly and allow to cool to room temperature.

Roll out second crust and cut into lattice strips or decorative shapes. When filling is cool, pour into bottom pie shell. Cover filling with top crust or cutouts and crimp edges.

Reduce oven to 375 degrees F (190 degrees C) and place pie on hot baking sheet.

Bake in the preheated oven until crust is golden brown and filling is bubbly, 45 to 55 minutes. Let pie cool and set several hours before slicing.

1/2 Stick Unsalted Butter  
1/2 Cup Sugar  
8 Baking Apples (Pink Lady or Gala, don't mix)

### Steps

Peel, core, quarter, and remove a chunk from the rounded surface to create a flat surface to lie on with the apples. Toss the apples in the lemon juice and cinnamon until coated. Add butter and sugar to skillet, caramelize.

Arrange apples large side down in a circular pattern. If there are too many apples layer on top thin side down. Cook for 25 minutes, constantly basting apples in the Carmel, stop if the caramel starts to burn. ## Dishes

### Smash Burger

#### Ingredients

Vegetable oil (for pan)

2 pound ground beef chuck (20% fat)

Kosher salt

4 slices cheese (American, Provolone, Muenster, Cheddar, Butterkäse)

Burger Toppings

#### Steps

Heat a cast-iron griddle or large heavy skillet over medium-high until very hot, about 2 minutes, then lightly brush with vegetable oil. Divide ground beef into 8 equal portions (do not form patties).

Working in batches if needed, place portions on griddle and smash flat with a spatula to form 4"-diameter patties (craggy edges are your friend). Season liberally with salt and cook, undisturbed, until outer edges are brown, about 2 minutes. Flip patties, season with salt, and place a slice of cheese on top of half patty. Cook until cheese droops and burgers are medium-rare, about 1 minute.

#### Notes

Serve patties on buns with preferred toppings. Two patties, one with cheese, one without a bun.

### Cheesesteak

#### Ingredients

1 White Onion

Salt

1 Pound Chuck Eye (Rib Eye, Top Round, Bottom Round anything well marbled)

Beef Fat (Or Butter/Neutral Oil)

Provolone

Hoagie Rolls

#### Steps

Freeze steak. Let thaw until a knife can pierce it. Slice thinly. Set Cast Iron Skillet on Medium Low Heat. Dice Onion. Add Beef Fat. Add Onions and a bit of salt. Caramelize, about 12 minutes.

Heat a lightly oiled griddle or frying pan over medium high heat. Pour or scoop the batter onto the griddle, using approximately 1/4 cup for each crepe. Tilt the pan with a circular motion so that the batter coats the surface evenly.

Cook the crepe for about 2 minutes, until the bottom is light brown. Loosen with a spatula, turn and cook the other side. Serve hot.

## Greek Lemon Chicken

### Ingredients

4 pounds skin-on, bone-in chicken thighs  
1 tablespoon kosher salt  
1 tablespoon dried oregano  
1 teaspoon freshly ground black pepper  
1 teaspoon dried rosemary  
1 pinch cayenne pepper  
1/2 cup fresh lemon juice  
1/2 cup olive oil  
6 cloves garlic, minced  
3 medium russet potatoes, peeled and quartered  
2/3 cup chicken broth, plus splash to deglaze pan  
1 sprig chopped fresh oregano for garnish

### Steps

Preheat oven to 425 °F (220 °C). Lightly oil a large roasting pan.

Place chicken pieces in large bowl. Season with salt, oregano, pepper, rosemary, and cayenne pepper. Add fresh lemon juice, olive oil, and garlic. Place potatoes in bowl with the chicken; stir together until chicken and potatoes are evenly coated with marinade.

Transfer chicken pieces, skin side up, to prepared roasting pan, reserving marinade. Distribute potato pieces among chicken thighs. Drizzle with 2/3 cup chicken broth. Spoon remainder of marinade over chicken and potatoes.

Place in preheated oven. Bake in the preheated oven for 20 minutes. Toss chicken and potatoes, keeping chicken skin side up; continue baking until chicken is browned and cooked through, about 25 minutes more.

An instant-read thermometer inserted near the bone should read 165 °F (74 °C). Transfer chicken to serving platter and keep warm.

Set oven to broil or highest heat setting. Toss potatoes once again in pan juices. Place pan under broiler and broil until potatoes are caramelized, about 3 minutes. Transfer potatoes to serving platter with chicken.

Place roasting pan on stove over medium heat. Add a splash of broth and stir up browned bits from the bottom of the pan. Strain; spoon juices over chicken and potatoes. Top with chopped oregano.

## Lebanese Chicken

### Ingredients

Put the chicken in the oven and roast until it is browned, crisp at the edges and cooked through, about 30 to 40 minutes.

Remove from the oven, allow to rest 2 minutes, then slice into bits. (To make the chicken even more crisp, set a large pan over high heat, add a tablespoon of olive oil to the pan, then the sliced chicken, and sauté until everything curls tight in the heat.)

Bake uncovered in the preheated oven 40 minutes. Increase oven temperature to 400 degrees F (200 °C), and continue baking 15 minutes, to an internal temperature of 160 degrees F (70 °C).

## Pulled Pork

### Ingredients

8 ounces (3/4 cup) molasses  
12 ounces salt  
2 quarts water  
6 to 8 pound pork shoulder but  
4 Tablespoons barbecue rub

### Steps

Begin making the morning before you want to serve for dinner.

Combine molasses, salt, and water in a very large pot. Add pork, making sure submerged. Let sit for at least 12 hours.

After 12 hours remove pork from brine, keeping brine, and transfer to wire rack on a rimmed backing sheet. Let dry a bit, than pat down with the rub. Refrigerate uncovered overnight.

In the morning, preheat the grill to about 225 °F to 250 °F, either using burners or charcoal only on one side. Take a tray and fill it without a half inch of the brine. Put it in the grill, all the way on the cook side if you have a top rack, in the middle if you don't. Put pork on cool side of the grill, fat cap up. Smoke until internal temp reached 135 °F (after this point it doesn't absorb smoke any more, it will take about 4 to 5 hours), rotating once an hour. If the pan with brine looks low top it off. If on a gas grill. You can wrap wood chunks in tinfoil, poke some holes in it, put it on the hot side of the grill, and replace when they stop smoking.

After reaching 135 °F, you do not need to smoke. To speed up cooking, or save fuel you can optionally transfer the pork onto the pan and rimmed baking sheet, and put it along with the pan with brine to a 225 °F oven (preferably with a stone or big cast iron thing to keep the temp more constant). Cook until an internal temperature of 195 °F has been reached (about 4 to 5 hours more).

Now for the hard part. Let rest for 1 hour. Then pull. If the meat is too dry for your taste, boil the remaining brine, and use it to moisten the pork.

### Notes

Serve with potato rolls, coleslaw, and barbeque sauce on the side. Trust me, it's good enough that it doesn't need sauce.

Believe it or not, this freezes well.

## Slow Cooker Pulled Pork

### Ingredients

4 Pounds Pork Shoulder  
2 Tablespoons Barbecue Rub  
1 Bottle Barbeque Sauce (1 cup)  
1 Bottle Root Beer (16 oz.)

### Steps

Score meat with a knife. Season with spices. Place in slow cooker. Pour bottle of root beer into slow cooker. Cook for 8 hours on low. Pull. Add bottle of barbeque sauce, mix until combined.

Serve with potato buns as sandwiches or with other sides.

## Potato Gnocchi

### Ingredients

3 pounds (1.4kg) russet potatoes, scrubbed and pierced all over with a fork

3 egg yolks, lightly beaten

3/4 cup all-purpose flour (about 3 1/2 ounces; 100g), plus more for dusting and as needed

Kosher salt

1 stick unsalted butter (4 ounces; 119g)

Leaves from 1 large sprig fresh sage (about 15 large and small leaves)

Parmigiano-Reggiano cheese, for grating

### Steps

Preheat oven to 450°F (232°C). Set potatoes either on a wire rack set over a baking sheet, on a baking sheet lined with a layer of salt, or directly on the oven's racks.

Bake until completely tender throughout when pierced with a fork, about 45 minutes.

Transfer potatoes to a work surface. Using tongs to hold hot potatoes, slice each in half lengthwise.

Using a spoon, scoop potato flesh into a ricer or food mill fitted with the finest disk. Press potato flesh onto a clean work surface, spreading it into an even layer, and allow steam to escape for a few minutes.

Drizzle egg yolks all over. Scoop 1/2 cup flour into a fine-mesh sieve and tap to dust flour all over potatoes. Using a pastry blender or bench scraper, chop down repeatedly all over to cut flour and egg into potato.

Using a bench scraper, gather up shaggy potato mass and pat into a loose ball. Press ball flat with hands, then fold in half using bench scraper and press down again.

Scoop remaining 1/4 cup flour into sieve and dust all over potato dough. Continue to gently fold and press, just until a uniform dough comes together. (Make sure to simply fold and press down; avoid the smearing motion more commonly used when kneading bread.)

Dust potato dough all over with flour and gently form into a log. Clean work area well and dust with fresh flour. Using bench scraper, slice off a roughly 2-inch-thick portion of dough and roll into a snake about 1/2 inch thick; use a light touch as you roll, trying to use your palms more than your fingers, and dusting as necessary with flour to prevent sticking.

Using bench scraper, cut snake into 1-inch portions, trimming off uneven ends as necessary. Transfer gnocchi to a well-floured area or baking sheet and repeat with remaining dough.

Bring a large pot of very well-salted water to a boil. Meanwhile, melt butter in a large skillet over medium-high heat until it foams. Add sage and fry until very aromatic and butter begins to lightly brown; remove from heat.

Using a bench scraper or slotted spatula to scoop them up, transfer gnocchi to boiling water. Stir once very gently with a spider or slotted spoon to prevent sticking. When gnocchi begin to float to the surface, wait about 20 seconds, then taste one; it should be soft yet cooked through, without any raw-flour flavor.

Using slotted spoon, scoop gnocchi directly into skillet with sage butter, allowing some of the water clinging to them to come along.

Cook gnocchi in sage butter over medium-high heat, tossing very gently and adding a splash of cooking water as needed if sauce becomes greasy or breaks, until gnocchi are coated in a rich, creamy sauce, about 1 minute.

Carefully spoon gnocchi into serving dishes and top with grated Parmesan cheese. Serve right away.

### Notes

The freeze well. If you want to make them to freeze, stop the recipe after boiling.

## Deep Dish Pizza

### Ingredients

#### *Dough*

2 Cup warm water

1/4 Tablespoon yeast

1 Tablespoon salt

2 pounds flour

1/4 cup melted butter (or olive oil (or corn oil (or avocado oil)))

Cornmeal (for dusting pan)

#### *12 Inch Toppings*

1/3<sup>rd</sup> Dough Recipe

12 Ounces Cheese (see American Five Cheese Pizza Mix recipe)

1 Pound Italian Sausage

28 Ounces Pizza Sauce

#### *14 inch*

1/2<sup>th</sup> Dough

16 Ounces Cheese (see American Five Cheese Pizza Mix recipe)

1 1/3 Pound Italian Sausage

38 Ounces Pizza Sauce

### Steps

In a mixer combine the water, yeast, and salt. Allow the yeast to dissolve. Add butter/oil, mix. Add flour and begin to mix the dough using a dough hook on low speed. Once a ball is formed mix on medium speed for

1 to 2 minutes until the dough becomes elastic and smooth. Remove from the mixer and place in a bowl coated with butter/oil. Allow the dough to rest for approximately 4 hours. Once the dough is rested. For 14 inch divide into two halves. For 12 inch divide into three thirds. Preheat oven to 425 degrees. Dust the bottom of the pan with cornmeal. Take the dough and spread using your fingers at the bottom of the pan and make sure to have enough dough to come up the sides of the pan approximately 1/2-inch high. It should be a thin layer. Reserve remainder for breadsticks or another pizza.

Place all the cheese on the bottom of the crust. Use the Italian sausage to make a patty that covers the cheese. Add any other desired toppings. Add the tomato sauce.

Place in the oven for 30 to 40 minutes until golden and crispy.

### Notes

The One True Pizza for when you are on a diet and can only do 1 slice.

If you think there is cornmeal in the dough you are wrong.

This dough in this recipe is for two 14 inch pies. Or three 12 inch pies. If you want a pan pizza, feel free to use more dough, but I would recommend a fluffier dough for that.

I recommend you use the remainder of the dough to make Fried Breadsticks on pg. 44.

## Chicago Thin Crust Pizza

### Ingredients

2 Cups All Purpose Flour  
 1/2 Cup Water  
 2 1/2 Ounces Corn Oil  
 1/2 Teaspoon Active Dry Yeast  
 1/2 Teaspoon Salt  
 7 Ounces Pizza Sauce  
 10 Ounces Cheese (Low Moisture works best)  
 Italian Sausage (Optional but recommended)

### Steps

I haven't found a thin crust recipe I particularly like, but this one is all right.

Combine Water, Salt, and Yeast. Let yeast rise. Add half of flour and mix. Once it comes together add the oil and 1/4th the flour. Once that comes together need on medium low for 5 minutes. Add remaining flour and mix on medium low for 3 minutes. Dough will be stiff. Feel free to add water a little at a time until it comes together. ## Schnitzel

### Ingredients

4 boneless pork steaks or chops,  
 1/2 cup all-purpose flour

1 teaspoon salt  
2 large eggs, lightly beaten  
3/4 cup plain breadcrumbs  
Oil for frying (use a neutral-tasting oil with a high smoke point)  
Salt and Pepper to taste  
Lemon Slices

### Steps

Combine 1 teaspoon salt and flour.

Place the pork chops between two sheets of plastic wrap and pound them until just 1/4 inch thick with the flat side of a meat tenderizer. Lightly season both sides with salt and freshly ground black pepper.

Place the flour mixture, egg, and breadcrumbs in 3 separate shallow bowls. Dip the chops in the flour, the egg, and the breadcrumbs, coating both sides and all edges at each stage.

Be careful not to press the breadcrumbs into the meat. Gently shake off the excess crumbs. Don't let the schnitzel sit in the coating or they will not be as crispy once fried - fry immediately.

Make sure the cooking oil is hot enough at this point (about 330 Fahrenheit) as you don't want the Schnitzel to sit around in the coating before frying. Use enough oil so that the Schnitzels "swim" in it.

Fry the Schnitzel for about 2-3 minutes on both sides until a deep golden brown. Transfer briefly to a plate lined with paper towels.

Serve immediately with slices of fresh lemon.

### Notes

Spätzle is good side for this.

## Potato Leek Soup

### Ingredients

1 large onion  
1/4 cup butter  
3 medium leeks  
2 pounds potatoes  
1/4 teaspoon dried thyme (crumbled)  
6 cups chicken stock  
1 cup heavy cream  
1 ham bone (or ham hock)  
Salt and black pepper to taste

### Steps

Peel the onion and chop it coarsely.

Cut off the root end and all of the dark green tops from the leeks and discard. Slice the white leeks in half. Rinse the leeks under cold water while separating the layers to dislodge any clinging dirt. Slice the leeks thinly.

Heat the butter in a large saucepan or Dutch oven over medium heat; add the chopped onion and sliced leeks and sauté until softened and golden in color, stirring frequently.

Meanwhile, peel the potatoes and cut them into 1/2-inch cubes.

To the onions and leeks, add the cubed potatoes, the ham bone, thyme, and chicken stock; bring to a boil. Cover the pan and reduce the heat to low. Simmer until the potatoes are very soft.

Remove the ham bone. If the ham bone is meaty, remove the meat and dice to use in the soup or as a garnish, or refrigerate the ham for another dish.

## Spätzle mit Speck

### Ingredients

1 cup all-purpose flour  
1/2 cup semolina flour  
1 teaspoon kosher salt, plus more for cooking water and final seasoning  
1 teaspoon each finely minced fresh thyme, fresh sage  
Pinch freshly ground black pepper  
2 eggs  
1/3 – 1/2 cup milk  
3-4 tablespoons unsalted butter  
1/2 cup bread crumbs  
1 tablespoon minced fresh parsley  
1-2 teaspoons neutral cooking oil  
2 ounces diced bacon

### Steps

In a mixing bowl, whisk together flours, salt, herbs, and pepper. Beat eggs lightly with 1/3 cup milk and add to dry ingredients. Using a fork, quickly and gently combine wet and dry ingredients.

If dough is very thick and difficult to work together, add more milk, up to 1/2 cup in total. Allow dough to rest for about 15 minutes.

In the meanwhile, prepare a large pot of salted boiling water. Moisten a wooden cutting board with cool water. Spread a portion of the batter in a long strip along the board.

Use a large offset spatula to cut off small, thin strips of the batter and drop them into salted, boiling water. Cut the dough at small angles to keep the spätzle from getting too long. As you cut the dough, let the small bits drop into the boiling water.

Once the spätzle floats, let them cook at a gentle boil for another 1-2 minutes, until they no longer have a raw flour taste and have a pleasantly firm texture.

Remove the cooked spätzle with a strainer and shock briefly in ice water. Drain the cooled spätzle well and spread on a baking sheet to dry further while you continue cutting and cooking remaining dough.

Heat a skillet over medium heat, melt one tablespoon of butter and add bread crumbs and parsley. Toss to coat evenly and cook until lightly toasted and crisp. Transfer bread crumbs out of pan and set aside.

Add a small amount of cooking oil (a little more if speck is very lean) to the skillet. Cook speck or bacon until fat is rendered and meat is crispy. Add peas and remaining 2-3 tablespoons of butter.

When butter is melted, add spätzle. Cook until spätzle is heated through and slightly browned in some spots. Season with additional salt, to taste.

Transfer to a serving platter and top with buttered bread crumbs. Serve hot.

## Tabbouleh Salad

3/4 pound ripe plum tomatoes, finely diced  
2 cups finely chopped flat-leaf parsley leaves and tender stems (about 2 bunches), finely chopped with a sharp knife  
2 teaspoons kosher salt, divided, plus more for seasoning  
1/4 cup dry coarse bulgur wheat  
1 cup finely chopped fresh mint leaves (about 1 bunch)  
2 scallions, white and light green parts only, finely chopped  
5 tablespoons extra-virgin olive oil  
2 tablespoons fresh juice from 2 lemons  
1/4 teaspoon ground coriander seed (optional; see note)  
Pinch ground cinnamon (optional; see note)  
Freshly ground black pepper

### Steps

Season tomatoes with 1 teaspoon salt and toss to combine. Transfer to a fine mesh strainer or colander set in a bowl and allow to drain for 20 minutes. Reserve liquid.

Season parsley with remaining 1 teaspoon salt and toss to combine. Transfer to a large mixing bowl lined with paper towels and let stand for 20 minutes. Blot parsley with towels to remove excess moisture.

Bring 1/2 cup reserved tomato water to a boil, then pour over bulgur in a small heatproof bowl and let stand until bulgur is softened, about 1 hour (bulgur may still have a slight bite, but will continue to soften in the salad). Drain bulgur of any excess liquid and pat dry with paper towels.

In a large mixing bowl, stir together tomatoes, parsley, mint, bulgur, scallions, olive oil, lemon juice, coriander seed, and cinnamon until well combined. Season with salt and pepper.
